Community News

Statement from the Etna Volunteer Fire Department

It is with deep regret that we share this message with our community. The Etna Volunteer Fire Department has been operating without a contract with the Town of Dryden for nearly a year.

Despite our best efforts to negotiate a new agreement, we have been unsuccessful. As a result, the Town has contacted the NYS Attorney General and they are forcing us to dissolve our company.

For more than 50 years, the dedicated volunteers of the Etna Volunteer Fire Department have proudly served and protected this community. We are deeply grateful for the support we have received from residents over the decades—through fundraisers, community events, and the countless expressions of appreciation for our members’ service.

In a time when volunteerism is already at an all-time low, it is disheartening that Town officials would choose to dissolve a fully operational volunteer fire department that has long been an integral part of the community’s safety and history.

We want to thank every member of the community who has stood by us throughout the years. Your support has meant everything.

We also encourage all residents and taxpayers to stay informed and involved. Attend the Town of Dryden meetings, held twice each month, to understand and have a voice in the decisions being made about your community’s future.

Please be aware that the dissolution of our department may impact your homeowner’s insurance rates, as response distances from other stations could be greater.

From all of us at the Etna Volunteer Fire Department—thank you for allowing us to serve you for over half a century. It has been our honor and privilege.

KEEP YOUR PETS SAFE! If you find yourself in the position of having to find a good home for your pet, keep a few things in mind. When placing your ad, leave out the word free, and don't give your pet to the first person who calls. Get their phone number and address and then check them out. Screen carefully, as people are not always what they appear to be.
