Our 76th Year.

We would like to take this opportunity to acknowledge a milestone in our paper's history..."The Shopper" turns 76 in 2025.

In recognition of the fact that only a small percentage of businesses ever reach this mark, we are indeed humbled by the continuous support of the businesses, groups, organizations and communities that have sustained us these past 76 years.

We want to thank everyone who has advertised in our paper in the past, and offer special thanks to our readers for allowing us to be a small part of their lives and welcoming us into their homes.

This early 19th-century home, originally a one-room schoolhouse near Ithaca, has been renovated within the past 20 years into a modern, spacious residence while retaining its historic charm. Features include high ceilings, a brick wood-burning fireplace, the original school bell, a large country kitchen with white cabinetry and granite counters, a bright living room with large windows, and a family room with a coal stove. The home offers two bedrooms, including a two-room primary suite with a private deck, hot tub, and views of the 9+ acre property. The layout allows for a potential third bedroom or office. The property includes landscaped gardens, a lawn, woods, a stocked pond, and scenic views. A two-car garage and a large outbuilding provide ample storage or workshop space. Located on a quiet road, it's 15 minutes from Cortland, Cornell and Ithaca, with high-speed internet and recent updates.
